

**Caring for Mother's
Legacy, together**

WORLD FOUNDATION | NIPC

Dearest Sahaj Family,

As promised, we are here to introduce various projects of the World Foundation to share its many initiatives with all of you.

Let's start with **Cabella International Sahaja School**, as it is currently in greatest need of collective support.

What is Cabella School?

Cabella International Sahaja School was established in 2009 by Shri Mataji Herself. It is currently home to 36 children from 12 different countries, 26 staff members, and is entirely based on Shri Mataji's advice regarding a holistic international education.

How is Cabella School different?

Cabella school is a place where everyone learns and grows in the loving attention of Shri Mataji. While Cabella school follows a high-standard International Curriculum for English, Math and Science, it also dedicates profound attention to providing a caring family environment, and fostering spiritual growth through meditation, art, music, drama, handicrafts, projects and collective living. It is a safe place for the children to discover themselves, express their qualities, face challenges and learn how to be collective.

Why is it important?

Cabella school grants our children a place to fully live and experience the

culture of Shri Mataji, and manifest their true selves. Giving children the chance to discover their ultimate potential as divine beings has an impact on the entire world, creating the opportunity for beautiful positive instruments to go on to transform society as a whole. Cabella school is ultimately a school for the whole world, a gift of Shri Adi Shakti for Humanity.

[Donate here](#)

What are the facts?

The World Foundation has been giving €250,000 per year to support Cabella School. Without the chance for collective gatherings, this large sum is unfortunately no longer sustainable.

So, what can I do?

This is where we all come in. After all, how can we fulfil Shri Mataji's vision if we cannot invest ourselves in the future of humanity?

The GOAL!

If 1600 yogis give €25 per month, Cabella International Sahaja School, as well as all of the other Foundation Projects in the valley can be collectively supported once more.

If we can nourish and sustain enlightened citizens, think about the change that can manifest in the world!

[**Donate here**](#)

We sincerely thank the whole collective for their donations to the Foundation so far. We would like to send a heartfelt

thank you in advance for all those planning to donate to help keep the Foundation sustainable, and to help Sahaj children grow in an auspicious environment.

We will be releasing further details about the other projects in the valley in the coming weeks and months. We will also publish breakdowns of all the budgets so that the global Sangha understands how the money is spent.
